

## Pet Eligibility

Please make sure your pet is eligible for spay/neuter at our clinic.

- We can spay or neuter pets 12 weeks old and up and weighing at least 3 pounds.
- We cannot spay or neuter dogs weighing over 100 pounds due to our cage space.
- All pets five (5) years or older will require pre-surgical bloodwork for surgery.
- Dogs must be 8 weeks out of their heat cycle prior to spay.
- Cats can be spayed during their heat cycle.
- When calling our call center, our representatives will go over any additional requirements.

## Dog Breed Restrictions

Due to their need for different surgical protocols, we do not perform surgery on the following types of dogs:

- American Bullies
- American Bulldogs
- Boston Terriers
- Boxers
- Brussels Griffons
- Bull Terriers
- Bullmastiffs
- Deer Hounds
- Dobermans
- Elk / Sight Hounds
- English / Old English Bulldogs
- French Bulldogs
- Greyhounds
- Italian Greyhounds
- Japanese Chins
- Pekingese
- Pugs
- Wolf Hybrids

## Cat Breed Restrictions

We only perform surgery on these types of cats:

- Domestic Long Hairs
- Domestic Medium Hairs
- Domestic Short Hairs
- Siamese

We do not spay/neuter exotic cats or some purebred cats due to their sensitivities to certain drugs.
